Allerdale Local Plan - Pre Submission Draft

The subject of the decision:

The Head of Development Services submitted a report which sought members approval of the draft local plan for a six week consultation period.

Members noted that the National Planning Policy Framework made it clear that having an up to date plan to guide development at a local level was essential,
and the publication of this pre-submission draft of the local plan was an important step in achieving this.

Members were advised that the local plan would be in two parts, and this draft covered the first which was the strategies and policies to guide development.

Members considered the draft strategy and policies, and noted that comments received during the six week consultation period would be submitted along with the local plan, to the Secretary of State for consideration at a public examination.

Alternative options considered:

To propose any amendments to the draft plan.

The reason for the decision:

The Local Plan process required the publication of the draft local plan for a six week consultation period prior to submission to the Secretary of State for public examination.

The decision:

Resolved: That it be recommended to Council that –

(a) Subject to the completion of a habitat regulation assessment and sustainability appraisal, the submission draft local plan be published for a six week consultation
(b) Following the period of consultation, the Local Plan be submitted to the Secretary of State for public examination

Allotments in Allerdale

The subject of the decision:

The Head of Business and Property submitted a report which sought members to decide on a policy for the allotment sites owned by Allerdale Borough Council.

Members noted that there were 22 sites in Allerdale that the Council owned that were used for allotment or garden plots. Of the 22 sites, 10 were managed directly by the Council, and the others were managed by Town or Parish Councils.

Members considered whether to transfer the allotment sites to parish / town councils, where the parish or town council wanted to acquire them, so that the long term future of the sites could be secured and to enable the parish or town councils to manage all of the sites in their area's if they wished.

Alternative options considered:
27 February 2013
